

SOUTHWEST COLLEGE OF
NATUROPATHIC MEDICINE
& HEALTH SCIENCES

Forty-fourth
Commencement
Ceremony

Saturday,
June nineteenth,
Two thousand and twenty-one

SCNM Mission

SCNM is a school of medicine and health sciences grounded in naturopathic principles. Dedicated to the ideal that everyone deserves high-quality healthcare, we engage students in rigorous, innovative academic programs, discover and expand knowledge, and empower individuals and communities to achieve optimal health.

SCNM Vision

A world that embraces the healing power of nature.

SCNM Core Values

Office of the President

June 19, 2021

Dear Friends and Family,

On behalf of the SCNM community, welcome to the Commencement ceremony honoring the Southwest College of Naturopathic Medicine's Graduating Class of Spring 2021. While our graduates didn't envision an online ceremony at the outset of their medical school journey, your participation will

help make it heartfelt and memorable. Given the dramatic changes that telemedicine is bringing to healthcare, a virtual graduation is appropriate as a portent of their future practices.

Graduating from medical school is a high point in any physician's life. Sharing the experience with family and friends present makes it even more so. Thank you for participating in this joyous occasion, and a special thank you to all who helped support these fine women and men in fulfilling their dreams of becoming a naturopathic doctor.

Commencement, which heralds the beginning of the graduates' practice of medicine, is also the crowning academic rite of passage that culminates years of undergraduate education, pre-med coursework, and finally, four challenging years of naturopathic medical school. Feel the joy when they are hooded, receive their diplomas, and recite the Naturopathic Oath; and share their pride and awe at the responsibility they assume from this day forth.

In health and peace,

A handwritten signature in black ink that reads "Paul Mittman". The signature is fluid and cursive, with a long, sweeping underline.

Paul Mittman ND, EdD
President and CEO

Commencement Speaker and Honorary Degree Recipient

Andrea D Sullivan, PhD, ND, DHANP

Dr. Andrea Sullivan received an ND from Bastyr University in 1986 and pursued advanced courses in homeopathic medicine in the US, India, and Europe. She is a diplomat with the Homeopathic Academy of Naturopathic Physicians and has a private practice in Washington, DC.

Dr. Sullivan became the first African American to receive a PhD from the University of Pennsylvania in Sociology/Criminology. She is a founding member of the American Association of Naturopathic Physicians and served as president of the DC Association of Naturopathic Physicians for eight years. After serving on the DC Naturopathic Medical Board for five years, Dr. Sullivan was appointed Chair of the Board.

Dr. Sullivan has been called up on to speak as an expert on naturopathic medicine by a wide range of media outlets. Her work has also been recognized by community organizations that value her commitment to good health.

Dr. Sullivan is a contributing writer for Prevention Magazine Health Books, Essence, Heart and Soul, and Health Quest. She has been featured on network and cable television, local radio, and has authored articles for a variety of publications. She is the author of *A Path to Healing: A Guide to Wellness for Body, Mind, and Soul* (1999), and her new book, scheduled for release June 2021, is entitled *Enough: When Sacrifice has Gone Too Far*.

Naturopathic Physician's Oath

I dedicate myself to the service of humanity as a practitioner of the art and science of naturopathic medicine.

I will honor my teachers and all who have preserved and developed this knowledge and dedicate myself to supporting the growth and evolution of naturopathic medicine. I will endeavor to continually improve my abilities as a healer through study, reflection, and genuine concern for humanity. I will impart knowledge of the advanced healing arts to dedicated colleagues and students.

Through precepts, lecture, and example, I will assist and encourage others to strengthen their health, reduce risk for disease and preserve the health of our planet for ourselves, our families, and future generations.

According to my best ability and judgment, I will use methods of treatment which follow the principles of naturopathic medicine:

Primum Non Nocere

First of all, to do no harm

Vis Medicatrix Naturae

To act in cooperation with the healing power of nature

Tolle Causam

To address the fundamental causes of disease

Tolle Totum

To heal the whole person through individualized treatment

Docere

To teach the principles of healthy living and preventive medicine

Praevenire

To practice prevention with patients and the public

I will conduct my life and the practice of naturopathic health care with vigilance, integrity and freedom from prejudice. I will abstain from voluntary acts of injustice and corruption. I will keep confidential whatever I am privileged to witness, whether professionally or privately, that should not be divulged. With my whole heart, before this gathering of witnesses, as a Doctor of Naturopathic Medicine, I pledge to remain true to this oath.

ND Candidates for Graduation

Koral Ashton Allen *
Jocelyn Constance Bouchard
Sara A. Bulson
Evelyn Cordova
Laura Crockett
Avni Janak Dalal
Nicole Davidson *
Ashika Nefertari Deskins
Christina Marie Erndl
Tamara Lee Euler **
Nicolas Victor Figueredo
Jamie N. Flanery
Nathaniel D. Fulton
Linna Marie Goelz *
Robert J. Greathouse
Danni Hamilton
Mary M. Hiras
Adaeze Iroka
Eleni-Lemonia Krommidas **
Maria Theodora Lams
Allen Gabriel Maxwell

Juliet Mendez Alba **
Stephanie Rebecca Mendoza-Ballentine **
Gabriela Oriana Miró Ros
Cecilia Morgado-Slychan
Hasan Sam Mostofo
Natalie Lynn Napier
Laurena Patarkatsi
Swikar G. Patel *
Jake Quesada
Amber Reed
Valerie Alexandria Rodriguez
Juline Savaya
Kristina Schieferecke
Kurtis J. Simmons **
TyRonda Smith **
Elena Sukhorukov
Jay Vazquez
Alice Veirs **
Sally Willey
Elliot Zyglis

*With Honors

To graduate with honors, a student must have a GPA of 3.80 or greater. Final calculation of GPAs for honors awards will not be completed until after the commencement ceremony.

**Honors Tracks

Honors Tracks are competitive, year-long focused areas of clinical study in areas such as pediatrics, nature cure, community health, or regenerative medicine

Commencement Ceremony

June 19, 2021

Graduate Procession

Pomp and Circumstance No 1 Edward Elgar (Composer)
The National Anthem Performed by Erika Ware
Class of Fall 2021

Welcome

Opening Remarks Kenneth Donnelly, MBA
Dean of Students

Awards

Presentation of Awards Jessica Mitchell, ND
Dean, School of Naturopathic
Medicine
Daphne Blayden Award
Student Leadership Award
High Academic Achievement
Highest Academic Achievement
Recognition of Faculty and
Staff Award Recipients

Special Recognition

Speaker Eric Udell, ND, Class of 2002
Recipient Stephen Messer, ND
Professor of Naturopathic Med.
Dept. Chair, Homeopathy and
Pharmacology

Addresses

Presidential Address	Paul Mittman, ND, EdD President and CEO
Graduation Candidate Address	Danni Hamilton, BS
Commencement Address	Andrea D Sullivan, PhD, ND, DHANP

Diploma Ceremony

Honorary Degree Conferral	Paul Mittman, ND, EdD
Recipient	Andrea D. Sullivan, PhD, ND
Doctoral Degree Conferral	Paul Mittman, ND, EdD
Presentation of Diplomas	Paul Mittman, ND, EdD
Naturopathic Oath	Paul Mittman, ND, EdD
Graduates are asked to stand for the Naturopathic Oath	

Recessional

Non-Academic Student Awards

To be awarded during the ceremony

Daphne Blayden Award

Each commencement, SCNM awards the Daphne Blayden Outstanding Student Award to a graduating senior. This award was developed in memory of and to honor Daphne Blayden, a naturopathic medical student who began SCNM's ND program in September of 1993. Daphne passed away in December 1994. This award is endowed to maintain the kind and committed spirit of our dear friend. The person presented with this award exudes academic excellence, compassion, perseverance, a loving sense of humor, and a positive, supportive outlook.

Outstanding Leadership Award

This award is given to a graduating senior who has demonstrated the ability to lead, a willingness to listen to others, and has true humanitarian character. This person provides support to the college community, and commitment to advancing the naturopathic profession as a whole.

Faculty & Staff Awards

Awarded at the college

It is customary for SCNM's graduating class to acknowledge one faculty member and one staff member for their commitment to the class, for making a difference in their medical school experience, and for their support and dedication to SCNM and to the profession. The Spring 2021 faculty recipient is awarded to Leslie Axelrod, ND, Professor of Naturopathic Medicine. The staff recipient is Dustin Sowards, ND, Clinical Coordinator.

About SCNМ

Founded in 1992, SCNМ prepares the next generation of healthcare providers who will consider all available means to heal patients, with an emphasis on naturopathic therapies that prevent disease before it happens and heals without harming. SCNМ's School of Naturopathic Medicine and School of Nutrition educate and train students in the principles and practices of health promotion through evidence-based practices like nutrition, disease management, and prevention.

Located in Tempe, Arizona, the College's mission is to educate tomorrow's healthcare innovators in the art and science of integrative wellness. Our two clinics on campus provide clinical experiences for our naturopathic students while serving the community as a resource for primary healthcare (SCNМ Medical Center) or non-opioid pain management (Neil Riordan Center for Regenerative Medicine). Off campus, our community clinics provide low-cost or free natural healthcare to various underserved populations. SCNМ's newest addition, the Ric Scalzo Institute of Botanical Research, is a state-of-the-art molecular biology and phytochemistry laboratory working in collaboration with the natural products industry and other academic institutions to develop new products and improve existing botanical therapeutics grounded in herbalism's rich tradition through scientific exploration.

SCNМ is one of only five accredited schools of naturopathic medicine in the United States and the first medical school in the Phoenix metropolitan area. The College offers a four-year, professional-level Doctor of Naturopathic Medicine (ND) program, a Master of Science in Clinical Nutrition, and non-degree coursework. The College has become a respected source of evidence-based, holistic, and scientific approaches to healing and wellness with the help of high-quality administration, faculty, and staff working to create public engagement and increase knowledge throughout the community.

SCNМ is approved by the Arizona Board for Private Post-Secondary Education and is accredited by the Council on Naturopathic Medical Education, the accrediting agency for naturopathic colleges and universities in the United States and Canada. In addition, SCNМ is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools.

Significance of the Academic Costume

The academic costumes worn in the procession of today's commencement trace their origin to those worn by faculty and students at medieval European universities. With only minor modifications, these costumes have remained largely unchanged since the 16th century. Standards for colleges and universities in the United States were established in 1895 with the adoption of an intercollegiate code, which specifies design and color appropriate for various degrees. As in medieval times, the costumes worn on formal academic occasions denote the wearer's academic heritage.

The modern academic costume consists of three parts: the gown or robe, a headpiece, and a hood. The doctoral gown is full flowing and has large, bell-shaped sleeves. It is trimmed with velvet panels down the front and has velvet chevrons on the sleeves. The headpiece or cap is worn with a tassel. For the doctor's degree only, the cap should be velvet. The tassel should be black with the exception of the doctor's cap that may have a tassel of gold.

The Colors on the Hood

While the gown and headpiece denote the wearer's level of education, it is the hood which adds meaning and dimension to the academic costume.

Changed little since medieval times, the hood is worn falling from the shoulders down the back of the gown in a display of vivid colors. The hood's velvet edging denotes the degree's branch of learning. For ND students, this is green for medicine. For MS students, this is gold for nutrition.

The hood is also lined with the official colors of the institution conferring the degree, and the lining is worn exposed. SCNM hoods are lined with navy blue and teal.
